## **1.0 About us**

Eco-Conquest Africa Ltd. (ECO-COA) is a limited liability company established and registered in 2007. It is a Kenyan based firm specialized in environmental consultancy and capacity development but with operations in the African region.

The firm brings together expertise from diverse fields in environmental management aimed at providing quality services that seek to integrate environmental governance, and social responsibility for sustainable development. The firm offers a holistic technical approach to management of natural resources based production with a clear focus on the principles of sustainable development.

## 2.0 Our Expertise

The firm's expertise comprise of a wide range of professionals in the field of environment, sociology, project management, sustainable agriculture, Tourism, renewable energy, Environmental Impact Assessment and audit, Grant Management, Sustainable Forest Management including but not limited to Participatory Forest Management (PFM), Monitoring and Evaluation, community mobilization and capacity development, Health and Safety and training among others based on the needs of the clientele.

### Our Vision

To be a leader in effective and efficient result-oriented consultancy services in environmental management in Africa

### Our Mission

To professionally pool and make available tools, experiences and expertise to guide grassroots community groups, civil society organizations (CSOs), individuals, governments and private sector all over Africa in making informed decisions.

### **3.0 Approach**

ECO-COA offers demand-driven and result-oriented consultancy in environmental and natural resource management and capacity development. We seek to reach a shared understanding of the task and requirements prior to engagement. Clients are assured of quality and efficiency. We are sensitive to our clients' needs and endeavor to tailor-make as appropriate, our work to suit their needs without compromising facts and quality of the output.
